

A proposal for the installation of two transportable / temporary change rooms to be installed on the eastern side of the main oval has been discussed between the four clubs that utilise Atwell Reserve. Two clubs (Jnr / Snr Cricket Club) are not interested in the changerooms, but the Snr and Jnr Football clubs are open to the idea providing the ability to use the back oval more frequently. Although referred to as temporary the buildings would be set on foundations and would be installed for permanent use / be fully functional.
